Just imagine if this was your grandson. An active young boy of 14 in perfectly good health one day and paralyzed from the neck down the next. He isn't your grandson, but Alex is the grandson of your Lake Ashton neighbors, Bill and Pat Breddy of Stone Creek Loop.

Whenever Alex leaves home he must be in a motorized wheel chair with an attached ventilator in order to breathe. He requires a lot of assistive services and devices for every day things that we take for granted.

Mobility is a key factor for Alex. Having mobility allows him a quality of life above and beyond basic survival. Mobility allows Alex to maintain important relationships with friends by attending regular classes, the sports events that he loves and being a part of the community.

You never give a thought to this type of assistance ever being needed, and being needed on a constant basis, until you live it yourself. The Breddy Family will be humbly grateful for any contribution you can make to help cover the never ending expenses that are not covered by insurance.

Lake Ashton is a caring and loving community. We come together for those in our community who are in need. Your contribution NOW will make a big difference in Alex's life. Please open up your hearts, give Alex a better life, become a "LA Angel for Alex". 100% of the funds go directly to the Breddy Family.
